

Harrogate Hospital & Community Charity (HHCC)

Receiving donations in Harrogate and District NHS Foundation Trust Departments

HHCC are here to help, all donations received fund specialist equipment, training and services, going above and beyond the provision of the NHS to help improve treatment experiences and facilities for all departments and services.

When departments at HDFT are receiving or seeking donations, whether this is a physical item such as, gifts, toys, equipment, or a donation in a monetary form, all departments at HDFT must contact the HHCC team first. This is to ensure both HHCC and the beneficiary department follow charity law and guidance and ensure compliance is assured whilst carrying out charitable and professional best practice.

If you would like to arrange a donation for your department or you are aware your department will be receiving a donation, please be proactive and contact us.

If you wish to discuss our procedures and policies when seeking and accepting donations, please get in touch:
